CSC RISKMASTER Accelerator

Data Analytics DIS Template Release Notes

General Overview

RISKMASTER Data Analytics is an optional add-on module for data import and extraction. Optional Templates are available for supporting specific file specifications. This release is specific to the DIS template. For details on hardware and software requirements, please refer to the Data Analytics Technical Specifications.

Data Analytics clients requesting this version of the DA DIS Template must be using RISKMASTER Accelerator 15.3.

Also note, the Data Analytics DIS Template is on Data Analytics 4.2. This version of the DA DIS Template should not be installed prior to upgrading to Data Analytics 4.2. Please refer to the Pre-Installation Checklist and the Data Analytics Installation Guide on the Data Analytics page on RISKMASTER.com.
