# Data Analytics Positive Pay Template Release Notes

## General Overview

RISKMASTER Data Analytics is an optional add-on module for data import and extraction. Optional Templates are available for supporting specific file specifications. This release is specific to the Positive Pay template. For details on hardware and software requirements, please refer to the Data Analytics Technical Specifications.

DA Positive Pay Template should not be installed prior to upgrading to Data Analytics 4.2. Please refer to the Pre-Installation Checklist and the Data Analytics Installation Guide on the Data Analytics page on RISKMASTER.com.
